

There is an error on the foundation sheets for the *Venice Rose Quilt*. The foundation sheet is shown here.

Correction #1 to the wedge shown in gray:
Strike out the “r” after the number in each space. The shapes should be numbered 1 through 18.

Correction #2 to the wedge shown in blue:
Transfer the stitching lines to the blank side. Trim out the wedge and turn it blank side up. Place it on a sheet of white paper or against a window or on a lightbox. Accurately trace the stitching lines onto the unprinted side. Number the spaces 1r through 18r. Write “do not use” on the printed side.

Repeat these corrections on the 4 sheets of Venice Rose foundations. We apologize for this inconvenience.
